

ENDUROTRAK LIMITED WARRANTY AGRICULTURAL RUBBER TRACKS

Effective 1 June 2018

Coverage

ENDUROTRAK agricultural tracks are warranted, from date of purchase to:

- 36 months or 3000 hours for friction drive tracks
- 24 months or 2000 hours for positive drive tracks

as shown on the Pro rata Credit Chart. Any ENDUROTRAK track that becomes unserviceable due to a manufacturing defect may at the discretion of Big Moose Tyre & Track be repaired or a credit given towards the purchase of a replacement track.

Owner Obligations

- Tracks must be aligned to manufacturers specifications at time of fitting
- Undercarriage components maintained, adjusted and aligned as per manufacturers recommended intervals.
- Written or emailed notice of claim within applicable warranty period
- Removal, freight and re installation costs

Excluded from Coverage

- Damage caused by non-agricultural applications such as civil construction, scraper pulling or similar
- Damage caused by stubble, stick raking, land clearing, deforestation or similar
- Rapid wear or damage caused by extended periods of roading or extended use above 20km/hr
- Usage with cast slotted drive wheels (CSD)
- Tracks that have had unauthorised repairs
- Failure or damage resulting from abuse, misuse, negligence, alteration, accident, field or road hazard, overload, mismatching of adjacent tracks, misapplication, use of non-OEM undercarriage components, or poor mechanical condition, maintenance, adjustment or alignment.
- Cosmetic defects, such as surface cracks, splits and other superficial distress that may impact track appearance but does not render the track unusable or measurably diminish overall life
- Usage, installation, or adjustment which manufacturer judges improper

Replacement Track Warranty Period

- If a track is replaced due to a manufacturing defect during the original track warranty period, the replacement track warranty period is limited to the remainder of the original track warranty period.
